

Finding Meteorites - Activity 6

Think about the environment in these places. Are they easy to get to? Are they dangerous? Would meteorites be hidden or easy to see? Do lots of people live there? Is it wilderness or heavily populated?

Where	Very likely	Possible	Unlikely	Very unlikely	NOTES/REASONS
Pacific Ocean					
Your back garden					
Atacama Desert					
Siberia					
Arctic Ice Cap					
Antarctica					
Australian Outback					
Canadian Prairie					
Oman					
South Kensington					
Amazon Rainforest					
Utah Salt Flats					
Sahara					
A shingle beach
